

Rödaväggen

Found by local living close by and spread the Word to Stefan Rasmussen.

Like so many times before setting out to get the stuff Done 🙌 another stupid thing came to introduction with the first ascent of the warmup of the Wall.

Some geek 🙌 who had been inspired of the sport climbing in France decided that it would be nice with metal plates with the name of the problem on... thank god this is only on his problem. a written text appeared on the wrong start of full contact during this period... History is history 🧐 enjoy the

boulders 🙏 Location <https://maps.app.goo.gl/gV5g8MNC9we8xJwh6>

1.	Cramo	6A	
2.	Danish Dynamite	7B	Sds
3.	Swizz beats ?	7C	Sds
